

St. Michael's Cathedral

Commemorative Opportunities

*How Beautiful
is your Dwelling
Place...*

Toronto's oldest Roman Catholic Church, St. Michael's Cathedral, was designed by architect William Thomas in the Gothic Revival style.

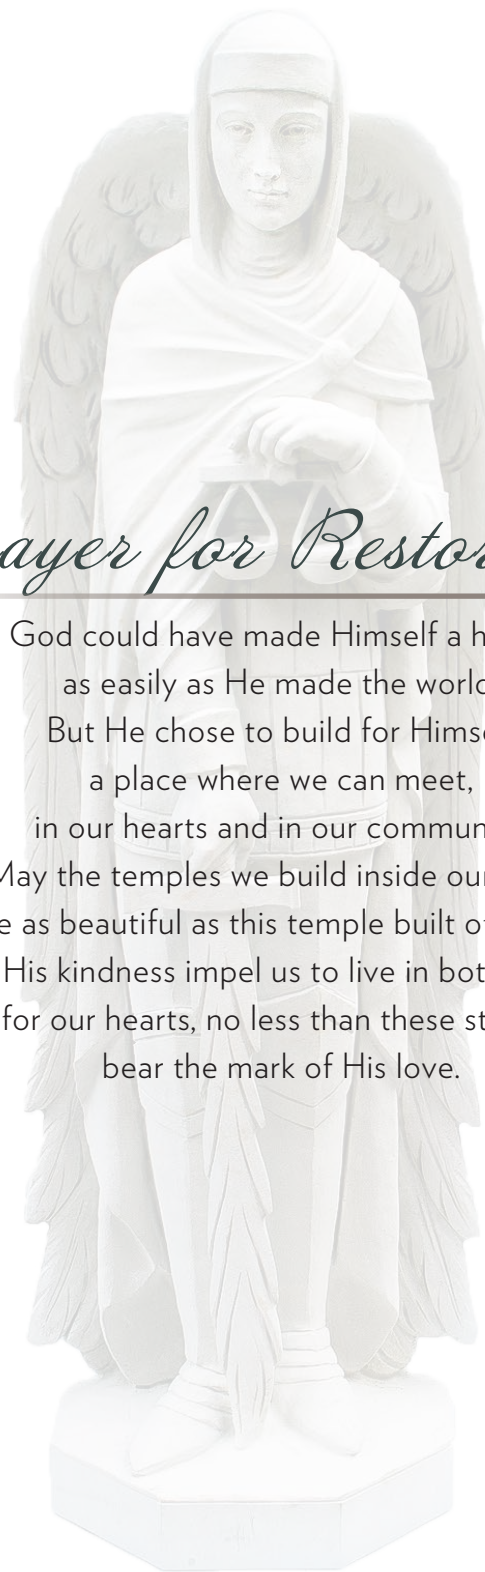

Prayer for Restoration

God could have made Himself a house
as easily as He made the world.

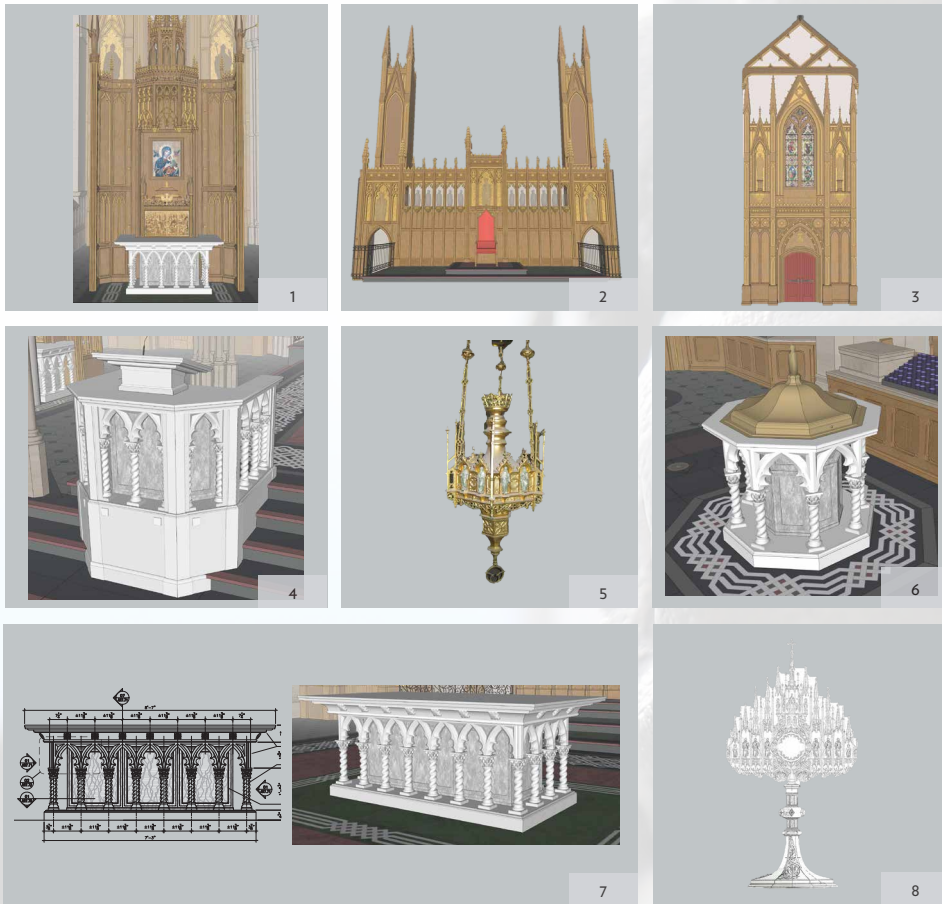

But He chose to build for Himself
a place where we can meet,
in our hearts and in our community.

May the temples we build inside ourselves
be as beautiful as this temple built of stone.

May His kindness impel us to live in both temples;
for our hearts, no less than these stones,
bear the mark of His love.
